manipations, it is desired that consideration be given to efficare the have emistending records in this field. It is also requested that this position be filled with a rated efficar, as it is fult by Project efficare that such an efficar would better meet the require- ments of the Project.  2. The file on  and it has been determined that an efficar with more experience and ability in this field should be semimated for the position. It is also printed out that rated efficar which we believe to be a requisive for this position.  3. The detice and responsibilities of the incumbent of this staff efficar position would greatly influence the operation of this Project. It is therefore recovered that additional nominations of the next competent efficare available be undo as seen as possible.
